## CHARGING AHEAD!

**W**elcome to 2021, Miami! As we enter a new year, I'm excited to share with you news about what's new in our design marketplace, as this is the perfect time to rethink our personal spaces.

One such source worth your attention is Visionnaire, whose ultraluxurious, made-in-Italy treasures are created with true aesthetes in mind. The showroom just released its exquisite Beauty Collection to rave reviews and I, for one, can't wait to get my hands on any of those pieces. We were delighted to be Visionnaire's media partner at the line's unveiling during a cocktail reception in December.

Another design source worth a visit is VONN Lighting. CEO and founder Serge Magarik is a true visionary when it comes to home improvement, and his lighting fixtures are artistic centerpieces that are a perfect example of elegance, precision and technology.

We're also delighted to welcome ENNE to Miami. This showroom's creations and extraordinary attention to detail follow a long-held Turkish tradition, making the company a symbol of contemporary and innovative design.

As we focus on wellness in this edition, I urge you

to discover what the healthcare professionals at Baptist Health, Jackson Health Systems, Nicklaus Children's Hospital and the Sylvester Comprehensive Cancer Center are doing. These medical facilities have put us on the map when it comes to innovative procedures and stellar talent, and it reassures me to know they are in our own backyard should we ever need their services. We are also excited to welcome Derrick L. Miles and the CourMed team, an outstanding concierge delivery service of healthcare products, to the Miami market. On a different note, and should you want to head into 2021 with your best face (and body) forward, head to Careaga Plastic Surgery in Coral Gables and inquire about what the gregarious Dr. Daniel Careaga and his team can do for you in that regard.

For those days when you need a recharge (and who doesn't after the holidays?), check in at the top spas in the city: the Carillon Miami Wellness Resort, The Spa at Mandarin Oriental, âme Spa & Wellness Collective at the JW Marriott Miami Turnberry Resort & Spa, Valmont for The Spa at The Setai and the newly renovated Away Spa at the W South Beach. After all, post-2020, we all deserve some serious "me" time.

Here's to a prosperous and peaceful 2021.
